ABOUT ME

After graduating in Computer Science at UFAL, I had the opportunity to work on a few projects during my academic life. I created interfaces and programmed several simple sites as a hobby, now I'm looking for a chance to use the knowledge acquired both in courses and in my personal projects to grow professionally.

SKILLS

Experience with Python, Django, HTML, CSS, Bootstrap4, Javascript, jQuery.

Knowledge with Figma, Photoshop, Git and GitFlow.

Advanced english, basic spanish, fluent in portuguese.
